Late Model Tire Changing Contest Rules & Entry Form -10/2/10

Presented by: Jake Jones of MILLER'S RACING PARTS

Sponsored by: CUMBERLAND TRUCK PARTS

RULES

Cars will all enter the track on the backstretch and drive around to the front stretch where they will line up 2 wide

Driver must stay in their car

Driver must be the registered driver for that car

When directed the driver will pull car up into marked off spot on front stretch, turn engine off and then the 3 crew members will stand behind the car at a designated line

The 3 crew members can only participate with one car during the competition

The 3 crew members will have to change the right rear tire and then PUSH the car with driver in it across the finish line

The only tools which can be used are a floor jack and impact wrench

You cannot glue lug nuts on new tire & you must use same 5 lug nuts which came off

Each loose lug nut is 5 second penalty

Must use 5 lug nuts and must use normal racing wheel

Fastest 4 times win prizes listed

We will do a runoff between top 4 fastest to crown a winner.

*1st round quickest will go up against 4th fastest and
2nd fastest will go up against 3rd fastest.*

This will determine the final runoff to decide who is crowned the winner.

Prizes below are compliments of Cumberland Truck Parts

Winner- OTC Racing floor jack w/ jack stands (\$400.00 value)

2nd - IR 19volt cordless impact wrench (\$397.00 value)

3rd - IR 19volt cordless impact wrench (\$397.00 value)

4th - \$100 Miller's Racing Parts gift certificate

More prizes may be added before race day
